

SECRET

18 MAY 1982

DDI- 420982

MEMORANDUM FOR: CIA Member  
National Foreign Intelligence Board

THROUGH: Acting Director of Scientific and Weapons Research  
Deputy Director for Intelligence

SUBJECT: Revised DCI Directive for the Scientific and  
Technical Intelligence Committee (STIC) 25X1

1. This is to request your concurrence in a revised charter for STIC (copy attached). The draft has been reviewed by both the DDCI and the Chairman of STIC. It was developed by the Executive Secretary, NFIB/NFIC.  25X1

2. The Executive Secretary/NFIB, in requesting the circulation of the revision to the STIC members, stated that the members were expected to speak on behalf of our principals. The revision makes no substantive change to STIC's charter; the changes merely simplify the wording in some places and eliminate references to the other DCI committees. Therefore, with your concurrence, I will concur in the revision on behalf of CIA. The STIC Secretariat has set a deadline of 25 May.  25X1

CIA Member/STIC

Attachment: as stated
